The Sabbath Union and the Exposition. In response to a communication from the Rev. W. J. R. Taylor, D. D., corresponding secretary of the American Sabbath Union, who is now a resident of this city, the report of the standing committee on Sabbath observance was adopted. It states: "We clearly recognize the universal and perpetual obligation to keep the Sabbath holy, under which we are placed by the law of our being and the law of our God. And while we deplore the fact that there is much desecration of this holy day, yet we hail with joy the opposite fact that in many quarters there is increasing recognition of the claims of the Sabbath, and that organized forts are being made among us to secure its better observance. We desire especially to mention the work of the American Subbath mention the work of the American Sabbath Union and heartily to indorse its efforts to preserve the Christian Sabbath as a day of rest and worship.
